

PRESIDENT'S MESSAGE

We are now at the end of Feb and start of March. First off, we have lost a few members off of the entertainment committee and are in desperate need of new members. The committee has done a great job in organizing entertainment and their efforts have increased the attendance of people coming in to this Branch, both during dances and on a daily basis. This has increased our revenues greatly.

The people that have left are:

Tammi Smith - Moving on to greener pastures in the Lower Mainland

Peter and Allison - They have volunteered to take over the membership as Mary Barkwill resigned from the Executive to work in our kitchen.

Suzanne - Due to work commitments and son's hockey and starting a new business she no longer has the time to dedicate to this Branch in that capacity.

They all have done a great job and will be missed. Needless to say we are looking for new members to keep up the great work being done. If anyone is interested please contact any of the Branch Executive and let us know.

The kitchen is turning out to be a resounding success. Thanks to Chef Steve, he is turning out great food at a very reasonable cost. Come and check it out.

This Branch is hosting the Legion Provincial Golf Tournament for B.C. this year. We are looking for volunteers to help and participate. For more info check out the poster in the Branch. Contact Barry Newcombe, who has taken on the task of organizing this, for more info or able to help out. This is going to be a great event.

Enjoy the spring like weather and looking forward to seeing you all at the best Branch of the Legion in the Okanagan.

Mike Brazeau
President
